

AFP Enforcement Procedures For the Code of Ethical Standards

**Approved as Board Policy by the Board of Directors November 6, 1992,
with amendments adopted by the AFP Board of Directors through October 2015**

Through its *Code of Ethical Standards*, the Association of Fundraising Professionals (AFP) promotes responsible, professional and ethical behavior by its members engaged in fundraising, by its members engaged in businesses that support or assist fundraising, and by non-members who agree to be bound by the AFP *Code of Ethical Standards* as a condition of professional certification sponsored by AFP. These *AFP Enforcement Procedures* (“Enforcement Procedures”) are integral to the *Code of Ethical Standards*.

For purposes of these Enforcement Procedures, the terms “member” refers to AFP fundraising members, business members, organizational members and certificants (excluding certificants who are members of the Association for Health Care Philanthropy) unless otherwise specified. These Enforcement Procedures apply to the individual in the case of a fundraising member. However, the Enforcement Procedures apply to a business member and organizational as an entity. More specifically, if any individual who is an employee, independent contractor, or other agent of a business or organizational member – acting on behalf of that business or organizational member – violates the Code, that business or organizational member as an entity is subject to these Enforcement Procedures, not just the individual in question.

AFP holds its members accountable to the *Code of Ethical Standards* and is intolerant of practices that threaten the integrity and reputation of the fundraising profession or the strength and fabric of the philanthropic sector. These Enforcement Procedures contain the implicit expectation that the most desirable outcome of the process is the elimination of the unethical behavior, not punishment.

These Enforcement Procedures are designed to provide appropriate notice and an opportunity to be heard to all members who may be the subject of an inquiry or a complaint, whether or not they have counsel. Members are encouraged to contact the AFP International Headquarters if they have any questions regarding the *Code of Ethical Standards* or these, and matters related thereto Enforcement Procedures.

AFP will take reasonable measures to ensure that any proceedings, hearings, deliberations and/or files resulting from implementation of these Enforcement Procedures shall be and remain confidential except as required by law or as otherwise provided in these Enforcement Procedures.

AFP will provide all materials and conduct the relevant proceedings in English. On a case-by-case basis, AFP will consider providing translation services upon request.

I. COMPLAINT

A. Ethics Queries

1. Any individual may contact the AFP International Headquarters with an ethics query regarding interpretation or application of the *Code of Ethical Standards* (the “Code”), whether or not the individual or entity is a member of AFP. An ethics query is a means for inquiring whether or not a transaction, practice or course of behavior warrants filing a complaint alleging a violation of the Code, for requesting guidance regarding a proposed transaction or, practice or course of behavior and for requesting assistance from the AFP Ethics Committee (the “Committee”) without resorting to enforcement proceedings. Ethics queries may be handled by (a disinterested member of the Committee or by) appropriate staff at the AFP International Headquarters who are authorized to address issues arising under the Code and the Enforcement Procedures.

B. Standing to Lodge a Complaint

1. Any individual may lodge a complaint concerning possible violation of the Code, whether or not the individual or entity is a member of AFP. A complaint must be in writing, preferably on AFP’s form, “Complaint of Ethics Violation.” A complaint must include the name, position, address, telephone number and signature of the author of the complaint and a statement of the Code sections alleged to have been violated. Complaints will be logged by the AFP International Headquarters and forwarded to the Chair of the Ethics Committee.
2. An AFP member who has engaged in activity that is a violation of the Code, whether through negligence, or inadvertence, or by intention, is obligated to self-report such activity to the Committee.
3. The Ethics Committee itself may lodge a complaint.
4. The AFP Ethics Committee is not a substitute for a court of law. AFP may, in its discretion, defer any action on a complaint if a legal proceeding has commenced or is pending with regard to the subject matter of a complaint, or for other exigent circumstances. AFP may also, in its discretion, refer matters to federal, provincial, state or local government agencies in appropriate situations.
5. By submitting a complaint, a complaining party agrees that, upon request of the AFP Ethics Committee, the complainant(s) will cooperate in the Code enforcement process and, upon request, will give personal testimony in the presence of the member against whom the complaint is lodged.

- C. Initiation of Proceedings Pursuant to a Complaint
1. Proceedings pursuant to these Enforcement Procedures may be initiated by AFP upon receipt of appropriate information not in the form of a formal complaint by an individual. In such cases, the complaint is initiated by the Committee.
 2. In all other cases, proceedings are initiated in response to a formal complaint by an individual.
 - a. A complaint must be directed to the office of the President & CEO of AFP and filed with the AFP International Headquarters.
 - b. A complaint must be postmarked or delivered to the AFP International Headquarters no later than three (3) years following the time when the alleged violation was discovered or could have been discovered. Complaints may be brought at any time if they allege:
 - i. criminal activity or
 - ii. false or misleading representations in connection with an application for, or maintenance of, membership in AFP or certification sponsored by AFP.
 3. If a filed complaint is withdrawn before a hearing is held or other action is taken by the Committee, AFP may proceed with a hearing or take other steps necessary to resolve the complaint. In such a case, AFP will become the complainant. All material related to the complaint (including material previously submitted by the parties) may be used in the proceedings.
- D. The status of an individual's or entity's AFP membership at the time of a complaint is not necessarily controlling for purposes of Committee jurisdiction. If the individual or entity against whom a complaint is filed was or is a member of AFP at the time of the alleged violation of the Code, the Committee may invoke jurisdiction to proceed under these Enforcement Procedures. If an AFP member is the subject of a formal government legal proceeding and/or AFP enforcement proceeding, the member will be considered an active member and/or certificant until the AFP enforcement proceeding has been completed, whether or not the member attempts to voluntarily resign or terminate membership by failure to renew and/or apply for recertification.
- E. Failure to respond to, or otherwise cooperate with, an investigation by the AFP Ethics Committee may itself be grounds for disciplinary action.

- F. The Committee and/or subcommittees may conduct their activities at in-person meetings, via telephone conference call or through other secure and confidential means designed to ensure participation and deliberation by appropriate or designated Committee members.

II. INVESTIGATION OF COMPLAINT

- A. Upon receipt of a complaint, the AFP President & CEO or designee must determine whether the complaint against the member:
 - 1. Alleges a violation of the Code and
 - 2. Contains sufficient and reliable information and is not patently frivolous or inconsequential so as to warrant initiation of steps to determine factual sufficiency for a hearing.
- B. The AFP President & CEO or designee may request additional information, consult with Committee members and take other actions consistent with the AFP President & CEO's obligation to determine if a complaint meets these criteria and warrants further investigation.
 - 1. If the AFP President & CEO or designee determines that a complaint satisfies the criteria, the AFP President & CEO will refer the matter to the Committee for consideration.
 - 2. If the AFP President & CEO or designee determines that a complaint does not satisfy the criteria, the AFP President & CEO may reject the complaint and notify the complainant of this decision. All such decisions by the AFP President & CEO shall be reported to the Committee.
- C. Within thirty (30) calendar days of receiving the complaint from the President & CEO, the Committee shall determine whether the complaint warrants: (a) Committee investigation, or (b) Committee summary finding of violation.
 - 1. If the Committee determines that a complaint warrants Committee investigation, the Committee shall promptly:
 - a. Provide the member against whom the complaint was filed copies of the AFP *Code of Ethical Standards*, these Enforcement Procedures, written notification stating that an investigation is to be conducted and an Admission Statement that the member can sign should the member choose to do so; summarize the issues raised in the complaint and notify the member that the member may submit a response and supporting documentation to the Committee or, in the alternative, the member can admit the allegations set forth in the complaint and sign and submit the

- Admission Statement to expedite the process, and that such response should be submitted within fifteen (15) calendar days of receiving this notification (with the complainant's identity kept confidential¹ at this stage as provided in these Enforcement Procedures);
- b. Notify, in writing, the complainant that the complaint has been received and indicating the status of the complaint;
 - c. Direct the President & CEO or designee to investigate the complaint and
 - d. Designate the Committee member who shall serve as Judge Advocate *pro tempore* if necessary.
2. If the Committee determines that a complaint does not warrant Committee investigation, the matter will be closed and notice of this decision will be promptly forwarded to:
- a. The member against whom the complaint was filed; that member shall be advised immediately by telephone or other efficient means, followed by written confirmation;
 - b. The complainant;
 - c. The Committee and
 - d. The President & CEO of AFP.
- D. The Committee may determine, by simple majority vote that a complaint warrants Committee summary finding of violation of the Code if either of these circumstances exist:
1. The complaint includes clear documented evidence that the member has been found guilty, or has pled guilty, or has pled *nolo contendere* and has been sentenced by a court with appropriate jurisdiction, and all appeals have been waived or exhausted, in a criminal law matter in which the member was accused of fraud, embezzlement, theft, or other similar crimes against a charity or against one or more charitable donors; or

¹ Under exceptional circumstances, the Committee reserves the right in its sole discretion to keep the complainant's identity confidential throughout the entire process, including the hearing process (if one is commenced), upon a clear showing of risk to the complainant if the complainant's identity were revealed to the member against whom the complaint was filed.

2. The complaint includes clear documented evidence that the member has had an adverse judgment entered against the member personally by a court with appropriate jurisdiction and all appeals have been waived or exhausted, in a civil law matter in which the member was accused of fraud, embezzlement, theft, or other similar violations against a charity or against one or more charitable donors.

If there is a Committee summary finding of violation of the Code, the Determination to Conduct a Hearing section of these Enforcement Procedures is not applicable; the Committee shall impose the disciplinary action of Revocation of Membership.

- E. If the member against whom the complaint was filed signs and submits an Admission Statement admitting the allegations set forth in the complaint, the Determination to Conduct a Hearing section of these Enforcement Procedures is not applicable; the Committee shall instead consider disciplinary action.
- F. If the member against whom the complaint was filed fails to respond to the Committee, the Determination to Conduct a Hearing section of these Enforcement Procedures is not applicable; the Committee may instead consider disciplinary action.
- G. Notice of the Committee's decision and the hearing panel's disciplinary action will be made pursuant to the applicable provisions of Sections V, VI, and VII of these Enforcement Procedures.
- H. All material gathered by AFP in the course of any of its investigations, including but not limited to information submitted by a complainant and the member against whom a complaint has been lodged, will be the property of AFP.
- I. Both the complainant and the member against whom the complaint was filed are required to uphold the strict confidentiality of the ethics complaint and proceedings except as required by law during and upon completion of the enforcement process. Consultation is nevertheless permitted with family members, potential witnesses, legal counsel, consultants relevant to the complaint and similar persons who themselves commit to confidentiality. Sharing information about the complaint with unrelated third parties shall be deemed a breach of confidentiality. Should the complainant breach the confidentiality of the complaint, the Committee will determine whether the breach is eligible for consideration of dismissal of the complaint. Should the member against whom the complaint was filed breach the confidentiality of the complaint, the Committee will determine whether the breach is eligible for consideration of a separate violation with attendant findings and sanctions.

III. DETERMINATION TO CONDUCT HEARING

- A. The President & CEO and/or disinterested Committee member(s) designated to investigate the complaint shall examine all relevant matters, including any written response submitted by the member against whom the complaint was filed. The staff and/or the Committee members designated to investigate the complaint may work directly with the member responding to the complaint (and complainant, if applicable) to resolve the matter without resorting to a formal hearing. The member may be asked to agree to take certain corrective or preventive actions, to cease and desist from certain activities, or to otherwise meet certain conditions in order to resolve the complaint.
- B. If efforts to resolve the complaint pursuant to the procedures in this Section are unsuccessful, or if the staff and/or member(s) designated to investigate the complaint determine(s) that the ethical misconduct on the part of the member is habitual or of such magnitude to warrant a hearing, the matter shall be presented to the full Committee for vote as to whether a hearing should be held. Based on an affirmative vote by a simple majority of the Committee, the Committee shall proceed with a hearing. Participation in this determination shall not, in any of itself, disqualify a member of the Ethics Committee from serving on the hearing panel.
- C. If any member of the AFP Ethics Committee has or has had a business, financial, personal or familial relationship with any party to the matter, that Committee member shall disclose this relationship to the Committee and shall recuse based on actual or potential conflict of interest. If a Committee member does not voluntarily recuse, recusal may be mandated by a majority vote of the balance of the full Committee.
- D. The Ethics Committee Chair shall establish the time and place of the hearing and shall determine which member(s) of the Committee shall present the case against the member and act as Judge Advocate *pro tempore*.
- E. The Ethics Committee Chair shall also select an Ethics Hearing Panel. The Ethics Hearing Panel:
 - 1. Shall consist of disinterested members of the Committee, unless conflicts of interest or other circumstances disqualify a majority of the Committee from serving; in such cases, the Chair may appoint members of the AFP Board of Directors, former Ethics Committee members and/or other disinterested persons to the panel as necessary;
 - 2. Shall consist of no less than one (1) and optimally three (3) unbiased individuals, although the number may be altered at the discretion of the Chair of the Committee;

3. Shall not include the Chair of the Ethics Committee and shall not include any Committee member who has participated in the investigation of the complaint or who is appointed to serve as Judge Advocate *pro tempore*;
 4. Shall not include any individual who has a past or present business, financial, personal or familial relationship with any party in the matter and
 5. Shall act in this matter with the same authority as the Committee, with its decision having the same weight and effect as a decision of the Committee.
- F. The purposes of the hearing are to:
1. Determine if the member has violated the Code and
 2. If the member has violated the Code, decide upon appropriate disciplinary action.

In imposing disciplinary actions, the Ethics Hearing Panel (following a hearing), or the Executive Committee (following an appeal) or the Ethics Committee (following a summary finding of violation of the Code), as applicable, will consider the severity of the violation, the intent of the member, the extent of injury to other persons or the profession and whether the violation was willful or negligent. VIII. MEMBERS AND NONMEMBERS WITH CERTIFICATION

- A. Individuals who hold certification sponsored by AFP, and who agree to be bound by the AFP Code of Ethics as a condition of professional certification, are bound by the AFP Code whether or not they are members of AFP. For purposes of this Code and this Section VIII, the term “certified nonmember” refers to any individual who holds certification sponsored by AFP, except for members of the Association for Healthcare Philanthropy (“AHP”) who agree to be bound by AHP’s procedures and disciplinary codes in all matters related to certification.
