

AFP CFRE Refresher Course

After more than two years of work, in 2017 AFP completed revision of the AFP CFRE Review Course, now titled the AFP CFRE Refresher Course. This workshop uses “caselets”—short case studies—to review the six fundraising knowledge domains and the core principles and concepts that all experienced fundraising professionals should know.

The AFP CFRE Refresher Course is not designed to be a preparatory course for the Certified Fund Raising Executive (CFRE) Examination but instead is a review of the body of knowledge at the five-year level which many individuals use in studying for the exam. It is most effective when taken in advance of (rather than prior to) personal or group study. There is no guarantee that any of the specific content covered in this course will appear as specific items on the CFRE examination. CFRE International does not sponsor or endorse any educational programs, and this course was not developed in conjunction with CFRE International.

AFP strongly suggests that participation in the AFP CFRE Refresher Course be just one element of one’s study plan to prepare for the CFRE Exam. Please visit the CFRE International website www.cfre.org for additional study materials. A complete overview of the development function for fundraising professionals who would like to improve their development skills, learn to raise money more efficiently or build upon their current development skills.

Course Format:

The AFP CFRE Refresher Course is organized differently – by the six knowledge domains of the CFRE exam (rather than the previous nine Modules). The course is not presented in a lecture format—in whole or in part; rather, it is a combination of a high-level review, self-exploration of knowledge and peer exchange of best practices – all of which are facilitated by an experienced, knowledgeable fundraising practitioner using a caselet approach. As a result, the agenda is different from the previous version.

Further, the course is designed so that it can be taught within different time periods:

- An intense 8 hours – primarily for those having previous experience with the CFRE Exam
- An expanded 16 hours – with more time for active, interactive discussion, primarily for those with no previous experience with the CFRE Exam
- An expanded multi-day – with each domain addressed on a separate day over a period of time (e.g., every Wednesday for six weeks), again allowing more time for active, interactive discussion

The chapter has the option to determine classroom time; but it must follow the format of the manual.

Domains include:

1. Current and Prospective Donor Research
2. Securing the Gift
3. Relationship Building
4. Volunteer Involvement
5. Leadership and Management
6. Ethics, Accountability and Professionalism

Materials for faculty are provided to the Chapter Site Coordinator, who then distributes to faculty members. Printed participant manuals are provided. ordered by the chapter for distribution to each registrant.

Summary: Key Steps in the Process

1. Select venue and date(s) for class; set prices
2. Appoint the Site Coordinator (who takes over the class planning, preparations, conduct and follow up, and who also serves as primary point of contact with AFP Global)
3. Complete, sign and submit the Host Agreement Form (included in this toolkit) to AFP GLOBAL– at a minimum of 3 months before class starts, ideally 6-12 months before
4. Send deposit to AFP Global
5. Establish online registration site
6. Apply to CFRE International for approval of CFRE Points
7. Begin active promotion
8. Recruit qualified faculty, obtain completed/sign agreement form and application form from each and sending to AFP Global
9. Ensure faculty receive needed faculty materials
10. Confirm projected final number of participants with AFP GLOBAL– 3-4 weeks prior to class start date
11. Prepare Certificates for all participants
12. Conduct class
13. E-mail final registration list to AFP GLOBAL(to include whether each is AFP Member)—within 3 days after class.
14. Scan and e-mail Sign-In Sheets
15. Facilitate Payment of Final Invoice

Who?

The AFP CFRE Refresher Course is designed for fundraising professionals with 5 or more years of experience. This may include executive directors, vice presidents of development, program managers and special event coordinators for local nonprofits and foundations. Also, staff members of university development offices may be good candidates for the course. Individuals are not required to take the CFRE Certification Exam after the course; they may also benefit from the information presented. Course attendance averages between 10 and 20 participants.

When?

The AFP CFRE Refresher Course is designed so that it can be taught within different time periods:

- An intense 8 hours
- An expanded 16 hours – with more time for active, interactive discussion.
- An expanded multi-day – with each domain addressed on a separate day over a period of time (e.g., every Wednesday afternoon for six weeks), again allowing more time for active, interactive discussion

The chapter has the option to determine classroom time; but it must follow the format of the manual. A typical 8-hour schedule is 8:00 a.m. – 5:30 p.m. See pages 12 and 13 for one-day and two-day Agenda templates.

How much?

The established **base price charged to participants is \$419 AFP Member; \$529 Non-Member**. The chapter may choose to charge more to underwrite additional expenses, or may charge less, when choosing the intense 8-hour class, when a grant or donation has been provided to help underwrite costs the chapter incurs. However, the amount that the Chapter pays to AFP GLOBAL remains the same. The fee structure for payments to AFP GLOBAL is as follows:

<i>AFP CFRE Refresher Course</i>	Joint Venture	Non-AFP Member Third Party Franchise Fee
Full Course (all 6 Domains)	\$209 AFP Member; \$269 Non-Member	\$5,000.00 + \$50.00 per participant

NOTE: Materials being shipped to Mexico or Canada will incur separate shipping fees, charged to the host chapter, regardless of the Option chosen.

Option A: Joint Venture

The base registration fee for participants is **\$419** for members and **\$529** for nonmembers. From this, the AFP International Headquarters receives **\$209** per member and **\$269** per non-member. The registration fee normally covers one Continental Breakfast, one Lunch and two breaks. The chapter may choose to charge a fee higher or lower than the base fee to subsidize the

registration fee for some participants (charging less than **\$419**) or to cover extra meals or other costs. In this case, AFP GLOBAL still receives **\$209**/ member and **\$269**/nonmember.

Option B: AFP Member Franchise Fee

The AFP Chapter would pay a fee of **\$2,900** to AFP International plus **\$50** per participant. AFP International recommends that the Chapter charges the base registration fee for participants, **\$419** for AFP members and **\$529** for non-members. The registration fee normally covers breaks and one lunch. The chapter may choose to charge a fee higher or lower than the base fee to subsidize the registration fee for some participants (charging less than **\$419**) or to cover extra meals or other costs.

Please note that the AFP Member Franchise Fee and the Non-AFP Member Third Party Franchise Fee cover a **one-time use**, taught in a one-day or two-day time period or over an extended period of time.

Additionally, there will be a \$1,000.00 deposit made to AFP by a host chapter (or other organization) upon signing the course Agreement. The deposit should be received at AFP GLOBAL shortly after the AFP Chapter submits the signed Host Agreement Form; but it must be received at AFP GLOBAL no later than 90 days before the start date of the class. This \$1,000.00 will be applied to the total cost of your class and is required up front in order for AFP to ensure you receive all participant/faculty materials/products on time, as well as to cover AFP's incurred costs in supporting the class. As it states in the first page of the signed Host Agreement Form, "Once paid, the deposit is not returned in the event of a cancellation but rather applied to a future course." So, should the host decide to cancel or reschedule for any reason, the deposit is not refunded, though – at AFP GLOBAL discretion – it may be applied as deposit to a future or rescheduled class.

Unless other arrangements are made, the chapter collects and tracks all registration fees. All invoices from AFP Global are in U.S. Dollars. All payments to AFP Global must be in U.S. Dollars.

Canadian sites have the option of collecting registration fees in Canadian dollars. They are still invoiced by AFP Global for fees in U.S. dollars. However, given current currency exchange rates at this time, they may choose to pay in Canadian Dollars at par. This

may be done either by credit card payment or by cheque.

Where?

The chapter is responsible for securing a location to hold the course. Some chapters choose to use hotel meeting rooms; others have a training room or conference room space that can be utilized without cost.

The chapter must select and submit the location for the AFP CFRE Refresher Course before the date will be listed on the AFP education schedule. When selecting the location, a chapter should consider the following:

- The site should be accessible by any with a disability (i.e., ramps for wheelchairs, accessible restrooms, etc.)
- The site should be in a central location, with easy access to area highways, etc., and in close proximity to area hotels for out-of-town participants.
- Room set-up for the course should be set in rounds. A registration table should be set up outside the door to the room, or just inside the room, for easy participant registration. The usual size class of around 10-20, the room need not be larger than it has been in the past. The facilitator manual recommends 4-5 people per round table, and one flipchart per table. So, if the class size is 20, there would be 4-5 tables and 4-5 flipcharts.
- Audio visual requirements for the course include a computer, LCD projector, screen, flip chart, podium if desired and possibly a microphone, depending on the size of the room. There should be a table at the front of the room for faculty members to place their materials.

CFRE Points – CFRE Credit & Tracking?

Every time an AFP Chapter offers any AFP International courses, it is the Chapter's responsibility to submit to CFRE International to get it approved. Though the Association of Fundraising Professionals overall is a member, individual AFP Chapters need to complete the Approved Provider Application. This includes your Chapter. You can do this at the CFRE International Website.

Breadcrumbs: www.cfre.org Bar across top **Education** **Becoming An Approved Provider**
Note that near the bottom of the page it states that “The (Provider) fee is waived for our Participation

Organisations and their chapters.” This includes the Association of Fundraising Professionals □
Approved Provider Application

Complete and submit the Approved Provider Application. Under “Fees,” click on the button in front of the statement that reads “No Fee – Participating Organisation”

Regarding how CFRE Points are measured, per CFRE International and the CFRE Application:
1 point for each hour spent **attending** educational conference sessions or workshops. 2 points for each hour spent **teaching** educational conference sessions or workshops using **previously developed material**. 3 points for each hour spent teaching educational conference sessions or workshops using newly developed material. The teaching can't be part of the applicant's regular job duties, however.

How?

Chapter Responsibilities:

- Select a date six (6) or more months in advance
- Complete the agreement contract and submit to AFP GLOBAL along with the deposit as soon as a date and venue have been chosen; but the **deposit must be received at AFP GLOBAL no later than 90 days prior to the planned start date**, and before Faculty materials are provided.
- Select one person to coordinate with AFP Global —The Site Coordinator.
- Select a location to hold the course.
- On the Agreement Form, PLEASE make sure you provide a street address and not a PO Box for the shipment of materials. Shipments to you will come either UPS or FedEx; and neither can deliver to a PO Box.
- Recruit faculty and provide list to AFP GLOBAL along with credentials for each facilitator.
- Provide each faculty member with FACULTY AGREEMENT FORM, obtaining it back – completed with signature – and forward to AFP Global.
- Provide each faculty member with TRAINER APPLICATION FORM, obtaining it back – completed with signature – and forward to AFP Global.
- Obtain faculty materials through AFP GLOBAL(from Omnipress) to go to The Site Coordinator at least 4-6 weeks prior to course. The Site Coordinator is then responsible for dispersing the materials to the individual facilitators
- Collect registration fees.
- Arrange for snack breaks and meals.
- Order participant manuals from AFP GLOBAL (to be sent by Omnipress) 3 or more weeks prior to course

- Provide an on-site monitor (The Site Coordinator) to
 - ensure that participants sign in,
 - welcome and introduce faculty members,
 - distribute the participant survey at the start of the class – then, collect all at end of the class before participants depart,
 - and sign and distribute certificates of completion to participants at the end of the course.
- Provide AFP GLOBAL with
 - a financial summary (including number of AFP members and non-members in attendance),
 - a final participant roster with documentation of who is an AFP Member and who is non-member, scanned copy of each sign-in sheet, and
 - a copy of the course agenda with faculty names, upon completion of the program.
- Retain unused participant manuals at the close of the course for use in a future class.
- If the host has unused participant manuals after the conclusion of the class, the host may choose either to retain the manuals for a future class or return them to AFP IHQ. *If retained*, the host is charged \$50 for each manual, which will be a credit for the that future class. *If returned*, the host is responsible for the costs of the return shipping of the manuals.

AFP Global Responsibilities:

- Post the class information on the AFP website
- Contact the Chapter Site Coordinator for the faculty list and participant list (3 or more weeks prior to the course) in order to facilitate provision of faculty materials and participant manuals
- Invoice course host(s) at class completion. Balance of payment is due once course is completed and chapter provides final registration list (with AFP membership

status) and sign-in sheets.

Planning Timeline and Checklist

To help ensure success, especially in recruiting the preferred faculty and registering the desired larger numbers of participants, you should start the process early.

AFP recommends that AT LEAST six (6) months and ideally 9 to 12 months in advance of the scheduled class start date, you:

Site Coordinator – Have your Site Coordinator recruited, oriented to the task at hand, and underway.

Dates and Venue – Have confirmed the class dates and the site where the training will be conducted.

Signed Host Agreement and Deposit – Complete sign, scan, and e-mail to AFP GLOBAL the Host Agreement Form (see pages 26-27). At about the same time, send the deposit – but no later than 90 days before the class start date. Why so much time? You need to reach people while they still have the class dates open on their calendars. People make many commitments months in advance.

Online Registration – Make sure you complete set up of the online registration by the time you send the signed Host Agreement Form, or as soon as possible thereafter. With the online link for registration and the information contained in the Host Agreement, AFP GLOBAL can post the key information on www.afpglobal.org. This posting reaches potential participants from around the world, particularly in North America, and gives them the information they need to proceed.

Promotion – Begin aggressive promotion through as many channels as possible. Do not to your Chapter members, take it to every organization and every fundraiser within your state and nearby states.

Faculty – Begin recruitment of the best qualified faculty (AFP Master Trainers as possible). The sooner you reach out, the better chance you will have that your targeted faculty will have the class dates available on their calendars. You should have all your faculty locked in and preparing as soon as possible, but no later than two months before the class start date.

# Of Months	Assigned to	Target Task Date	Date Completed
--------------------	--------------------	-------------------------	-----------------------

1. Choose preferred course dates and check calendar for conflicts
2. Appoint individual to be primary contact with the AFP GLOBAL and on-site coordinator
3. Submit deposit and signed agreement to AFP GLOBAL (Must be received at AFP GLOBAL no later than 90 days prior to planned start date) and ideally 6-12 months in advance.
4. Select location, execute commitment
5. Develop a budget
6. Plan promotion campaign/target audience
7. Place newsletter article: advise surrounding chapters to do the same; date will be listed in on the website.
8. Prepare brochures for promoting course
9. Obtain mailing lists from sponsoring chapter(s)
10. Recruit faculty (complete at least 4-6 weeks prior to start date to allow time to prepare), collect faculty bios with relevant credentials for introductions and to provide to AFP Global, **Ask each faculty member to sign and return to Site Coordinator both the FACULTY AGREEMENT FORM and the TRAINER APPLICATION FORM for the AFP CFRE Refresher Course. Both are required. Once collected, The Site Coordinator sends to AFP Global.**
11. Mail/email brochure
12. Send follow-up postcard or letter to the initial list of prospects
13. Confirm catering

Prior			

14. Order participant manuals from AFP GLOBAL (should be done 3-4 weeks prior to course)
15. Develop agenda, faculty roster and participant roster and make copies for participants
16. Prepare name badges/tents for participants
17. Assemble materials needed onsite (receipt book, pens, sign-in sheet, PowerPoint slides, agendas, rosters, certificates of completion, name badges or name tents)
18. Provide financial summary and return extra manuals and other materials to AFP GLOBAL after the course

Copy of Slides as a Handout:

Participants may ask you for a copy of the course slides; they often believe the slides are needed to have a full record of what they’re learning. That may be true in some situations. However, this course has been designed and developed following adult learning principles and practices as well as what research has shown about how our brains learn. That means, in part, that the slides are for the most part only “visual placeholders;” the *Participant Manual* has everything the slides contain, and much more. **There is no need to provide the slides to participants and, in fact, we ask specifically that you do not.**

SAMPLE BUDGET AFP CFRE Refresher Course

PLANNING TIPS

- Assign one person – The Site Coordinator – to act as a liaison with the AFP Global. The Site Coordinator should also serve as the on-site program monitor to act as host during the event (ordinarily, to ensure continuity this should be the same person in both instances, though another may assist if necessary).
- In developing your own promotional materials, please forward to the AFP GLOBAL a draft of your promotional brochure and other related materials for review prior to printing/distribution.

Please be sure that your promotional materials are clear that there is a separate application and application fee for the CFRE Exam which must be received by *CFRE International* at least 2 months (60 days) prior to the exam date.

Please include the following disclaimer on all communications for the AFP CFRE Refresher Course:

Participation in the AFP CFRE Refresher Course may assist you in learning or reviewing concepts covered on the Certified Fundraising Executive (CFRE) examination as detailed on the Test Content Outline provided by CFRE International. However, the AFP CFRE Refresher Course is not designed specifically as a prep course for the exam. It is designed to provide a review of concepts one should know at the five-year experience level.

AFP highly recommends that this refresher course be just one of the resources you use in preparing to take the CFRE exam. Your study should also include reading books that appear on the CFRE Resource Reading List.

More specifically, the AFP CFRE Refresher Course focuses on both

- refreshing the fundraising knowledge, a professional already has, and
- identifying and helping to fill in gaps in fundraising knowledge.

So, this Course is a most important step in the process of preparing for the CFRE Exam. However – avoid relying solely on this Course and this manual during your exam preparation! Successful candidates often participate in follow up study groups and spend time on their own studying for the exam. CFRE International provides a number of excellent resources, including a candidate handbook, the test-content outline, and a list of reading resources (also provided as handouts as a part of the Refresher Course), available at www.cfre.org/resources/handbooks. A practice exam is also available on a subscription basis for periods of either 30 or 90 days: www.cfre.org/practice-exam. The practice exam does not provide the answers to the exam questions one will face; rather, it primarily helps one understand how the questions are asked and the degree of difficulty involved. We encourage participants to take advantage of these additional resources!

Chapters should plan to provide breakfast, lunch and morning and afternoon

beverage breaks during the conduct of the class of the AFP CFRE Refresher Course.

If the AFP CFRE Refresher Course is being offered as part of a conference where other sessions will be held, you may want to prepare specially marked badges for AFP CFRE Refresher Course attendees (e.g., badges printed on different colored paper or bearing colored dots) as a means of assuring that only AFP CFRE Refresher Course attendees receive AFP CFRE Refresher Course materials.

Scholarships: It may be helpful to create a scholarship fund to support individuals who, for financial reasons, may be unable to attend the AFP CFRE Refresher Course. Scholarships are not offered through the AFP Global.

The first sources for scholarship funding may well be the networks used to promote the AFP CFRE Refresher Course. These networks may be willing to sponsor the attendance of a number of employees from their own organizations. Requests to United Way, the state arts council and other state departments, as well as faith-based groups may generate funds for scholarships.

Another source for scholarship funds is local foundations or corporations. These funding sources often have a strong interest in providing technical assistance to encourage the fundraising capabilities of nonprofit organizations.

RECRUITING FACULTY (FACILITATORS) FOR THE AFP CFRE REFRESHER COURSE

- Faculty for the AFP CFRE Refresher Course is selected by the chapter.
- This highly interactive course is designed to be conducted by two (or three) facilitators.
- As you recruit, obtain, and assemble information on their relevant qualifications from each. Look at them in three segments:
 - Directly AFP related – CFRE, ACFRE, AFP Master Trainer
 - Relevant Education – such as EdD, MBA, JD, etc.
 - Relevant Experience

By relevant, we mean relevant to the course, especially the domains(s), which each trainer is conducting. Faculty should be not only subject matter experts, but also effective teachers as facilitators. This is NOT a lecture course. Just a short paragraph on each can suffice. This list will serve as a Bio sheet to distribute to participants.

Requirements of Faculty – Each faculty member **must**:

- Have a minimum of a current CFRE or ACFRE credential
- Be knowledgeable about the subjects in the Domains
- Be able to communicate effectively in front of a group.
- Carefully read, fill in requested information, sign and **submit the two forms** for each facilitator to the Site Coordinator, who then forwards all the signed faculty forms to AFP GLOBAL for approval. These two required forms are:
 - **TRAINER APPLICATION FORM** for the AFP CFRE Refresher Course (included below) – addresses matters related to the needed facilitation skills and subject matter knowledge of each faculty member.
 - **FACULTY AGREEMENT FORM** for the AFP CFRE Refresher Course (included below) – addresses commitment to respect and follow requirements related to the use of intellectual property of AFP and maintaining a consistent standard.

AFP Master Trainers

- An AFP Master Trainer list of individuals who have graduated from AFP’s Faculty Training Academy (FTA) is available from AFP Global. Be sure to utilize this list in your recruitment.
- FTA graduates have been trained in adult learning theory and teaching techniques. They are willing to serve as instructors and as resources to your AFP CFRE Review Course faculty. They are also available by phone to offer suggestions on how to select good instructors. Any travel and lodging expenses for these individuals are the responsibility of the chapter.

Other Considerations

- Individuals who are retired but who held the CFRE credential at the time of retirement also may be eligible to teach.
- You should plan to have a back-up facilitator available in case someone arrives late or fails to arrive.
- In selecting faculty members, please strive for diversity in gender, ethnicity, and organizational type as well as relevant qualifications.

Timing

- By at least 4-6 weeks prior to the course, but ideally much earlier, complete recruitment of all faculty members and send to AFP GLOBAL
 - List of all faculty, with their credentials and other qualifying information, ideally in the form of short bio's
 - Class Agenda which indicates all assigned faculty by name
 - For each Faculty Member, completed and signed
 - TRAINER APPLICATION FORM
 - FACULTY AGREEMENT FORM
- AFP GLOBAL will provide needed faculty materials to the site coordinator, who then will provide to all Faculty members, to give them plenty of time to prepare.

PLEASE NOTE: We cannot emphasize too much how critically important faculty preparation, including pre-class practice, is to the success of this course. Be sure to provide faculty their materials many weeks in advance, so that they have plenty of time to prepare. Ideally, they will include practice with their co-facilitator as a part of their preparations. This need keeps coming out in the post class evaluations, along with the need for effective facilitation skills.

Role of the Facilitator

The tasks for the facilitators are a combination of brief presentations on the primary content of the Domains and group facilitation for the caselet process.

- Domain refreshers are not intended to be comprehensive, but rather a brief review of domain content with PowerPoint slides. Each Domain has approximately 15 minutes allotted. The purpose is to establish a framework for the group work to follow.
- Caselets are designed to allow participants to apply Domain knowledge to realistic scenarios working with a group of 4-5 course participants and recording responses to questions.
- The facilitator role for the caselet process is to introduce the approach (needed only for the first group of Domains), monitor the work of the groups and lead the discussion of the results at the conclusion of the case work section. The facilitator affirms correct solutions, answers questions, and provides guidance as needed on classic approaches.
- The facilitator is also responsible for keeping the course on pace and maintaining the time allotted on the agenda.

MARKETING THE AFP CFRE REFRESHER COURSE

It is recommended that a local planning committee be established to promote the AFP CFRE Refresher Course. In addition to sponsoring the AFP CFRE Refresher Course with other AFP chapters, it can also be effective to create a partnership with other local chapters of related organizations (such as ALDE chapters, local Planned Giving Councils, AHP regions, etc.) or other local service providers such as the United Way, the Voluntary Action Center or Support Center, a continuing education program within an institution of higher education, etc.

Targeting the Market

The marketing effort begins as soon as the signed Host Agreement Form is forwarded to the AFP International Headquarters. Marketing this program is very much like marketing the fundraising effort for an institution. First, the general markets must be targeted, then specific prospects within each market must be identified.

Primary markets are:

- members of area AFP chapters who have 3 to 6 years of experience.
- attendees of past AFP chapter programs.
- fundraising professionals in your chapter's area who are not currently members of AFP but may be on a prospect list.

Additional markets include:

- advocacy organizations
- arts, cultural and historical organizations
- educational institutions including private, parochial, alternative, and public schools and colleges and universities
- environmental groups
- health and human service organizations
- religious groups, synagogues, and churches
- United Way agencies

Marketing Strategies

After the prospects have been identified, the planning committee must develop appropriate marketing strategies. The planning committee should also brainstorm local networks that might be useful to help promote the program.

1. Developing promotional materials

- Sample language for AFP CFRE Refresher Course fliers can be found in this toolkit.

- **Remember:** materials should be targeted to the needs of your audience. You can brainstorm effective promotional messages and then test them with likely audiences before going to print. For example, audiences might respond to:

Improve your ability to pass the CFRE Exam!
Improve your development office!
Learn how to raise more money more efficiently!
Want to start a development office in your organization?

- If you have a local individual(s) who has attended the CFRE Review/Refresher Course in the past, ask this individual to provide testimonial for use in promotional materials.

2. Using local networks

An important marketing strategy is to secure endorsements of networks to which your members may belong. These networks may be able to provide promotional support. For example, make arrangements with a network leader to direct a personalized letter to members. The letter can recommend attendance at the AFP CFRE Refresher Course. The hosting chapter should provide a draft letter and a registration reply card.

Local networks might include:

- Faith-based groups, e.g., Catholic and Episcopal Charities, Council of Churches, etc.
- State agencies/departments with sub grantees including the state council on the arts and humanities; departments of health, elderly affairs, and human services.
- United Way and the United Way Management Assistance Program (MAP)

3. Ensuring personal follow-up

Even after local networks have been used and the promotional materials released, it may be necessary to do personal follow-up to prospective participants in order to ensure maximum attendance.

Targeted prospects within each market should receive a telephone call. A script of key points to cover in the telephone call can be developed by the planning committee. Members of the planning committee as well as the AFP chapter Board of Directors should be assigned to call the prospects they know best.

4. Promotional Posting on Chapter Webpages

Be sure to set up a page on your Chapter's Webpages with informational promotion language. Then use this link in all your communications where you say "for more information and to register . . ."

Here is some sample language to get you started:

Please note:

Participation in the AFP CFRE Refresher Course can assist you in learning or reviewing concepts covered on the Certified Fundraising Executive (CFRE) examination as detailed on the Test Content Outline provided by CFRE International. However, the AFP CFRE Refresher Course is not designed specifically as a prep course for the exam. It is designed to provide a review of concepts one should know at the five-year experience level.

AFP highly recommends that this refresher course be just one of the resources you use in preparing to take the CFRE exam. This course is most effective when taken prior to any personal or group study. Your study should also include reading books that appear on the CFRE Resource Reading List (copy of this reading list is provided to participants in the course.

ONSITE CHECKLIST FOR AFP CFRE REFRESHER COURSE

by SITE COORDINATOR

- Here are some basic requirements for the site, which will be used for the AFP CFRE Refresher Course:
 1. Meeting room that will easily accommodate 25-30 individuals at 60" round tables (no more than 5 participants to a table). With the usual chapter size class of around 10-20, the room need not be larger than it has been in the past. The facilitator manual recommends 4-5 people per round table, and one flipchart per table. So, if the class size is 20, there would be 4-5 tables and 4-5 flipcharts.
 2. Flip chart, easel, and colored markers for each table
 3. Lectern with microphone for facilitators
 4. Projector/screen easily visible to all participants
 5. Table for two facilitators
 6. Table for site coordinator where participants will check in
 7. Name tents, printed on both sides, for each participant
 8. Certificates of completion for each participant

- Arrangements for food:
 - Continental breakfast available 45 minutes before session begins
 - Breaks should include beverages and if possible, snack food items (this is an energy demanding session)
 - Lunch in the room at the break (participants DO NOT have time to leave for lunch)
 - Meal costs built into the cost for the course

- On the day of AFP CFRE Refresher Course, arrive by no later than 7:00 a.m. Check that room is set-up correctly (tables, chairs, computer LCD projector, screen, flipchart(s), table for presenter in front of room, and registration table).

- Place sign-in sheet, agenda copies and other handouts (including copies of the evaluation form), participant roster, and participant manuals on registration desk. Lay out name badges - alpha by last name makes it easy to find participants' names. Have blank badges and markers ready for on-site registrants.

- Lay out faculty name badges.

- Set out any AFP promotional materials.

- As participants arrive, give them their name badge, manual, agenda, and participant list.

- Important:** Have every participant sign the sign-in sheet. This sheet **must** be signed in order

for a participant to receive a certificate. **It is the responsibility of The On-Site Coordinator** to be sure all participants sign the roster at the beginning of each day and remain in the room throughout the entire class of the AFP CFRE Refresher Course (except during breaks).

- Any unregistered participants should complete an on-site registration form and sign in on the sign-in sheet. On-site registrants may pay on-site by check or credit card depending on how the chapter is able to collect money.
- As faculty members arrive, give them their name badges. Have someone available to assist them setting up. Let each faculty member know you will signal them when they have five (5) minutes remaining in their session.
- At the designated starting time, begin the class of the AFP CFRE Refresher Course with introductions.
- Introduce each faculty member.
- Distribute copies of the Evaluation Form for this class to **all** participants **at the start of the class**. Request that – as appropriate -- they
 - Fill it out as the class progresses.
 - Then, complete the form before leaving the classroom on the last day, and
 - Hand it in directly to you, the on-site coordinator before they leave.
- Announce when breaks begin and end, and where food is being served if you are providing lunch. Be persistent in getting the program started on time after each break.
- Signal each faculty member when five (5) minutes remain in each segment. At the end of the class, publicly thank the faculty member.
- Towards the end of the day, insert participant names and sign the certificate of completion for each participant who has attended the entire AFP CFRE Refresher Course.
- Upon completion of the course, collect copies of the completed evaluation form from each participant prior to their leaving the classroom.
- Distribute the certificates of completion and thank everyone for attending.
- Store in a safe place any unused participant manual for use in a future class.
- Prepare key documents for sending back by e-mail to the AFP GLOBAL **within 3 days** of the course. Be sure to send all of the following to **ProfessionalDevelopment@afpglobal.org**

- Scanned copy of the Sign-In sheet(s) – with member or non-member indicated for each
- Final Registration List (including whether AFP Member or Non-Member and email address for each participant)
- Copy of the final course agenda **with names of all faculty who participated**

ALSO

Please scan to PDF all the completed participant evaluation forms, and e-mail them all to Kendall Joyner at Kendall.Joyner@afpglobal.org

The **AFP CFRE Refresher Course (formerly AFP CFRE Review Course)** is a facilitator-led program offering experienced fundraising professionals' opportunity to review the main components of a complete fundraising program. It is not a prerequisite for the Certified Fundraising Executive Examination nor is it a prep for the CFRE Exam but instead is a refresh of the body of knowledge at the five-year level which many individuals use in studying for the exam. It is targeted at professionals with five or more years of fundraising experience. The suggested fees for the **AFP CFRE Refresher Course** are \$419 AFP members and \$529 nonmembers.
